PUBLIC NOTICE-CUSTOMERS OF  
BENT TREE HARBOR  
FAILURE TO MEET MICROBIOLOGICAL MONITORING  
REQUIREMENTS FOR DRINKING WATER

**Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.**

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During **July 2022**, we did not complete all monitoring or testing for total coliform, and therefore, cannot be sure of the quality of our drinking water during that time. This is a violation of Missouri Public Drinking Water Regulations.

Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did to correct the situation. Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or by distributing copies by hand or mail.

Provide explanation of cause of monitoring failure:

Due to the change over of water technicians, the water was not tested during the month of July 2022.

For more information, please contact water system staff indicated below:

Dan Harman at 660-428-5417 or 31309 Ashwood Dr. Warsaw, MO  
(name of water system contact) (phone number) (mailing address) 65355

*Additionally you may contact the Department's Kansas City Regional Office at 816-251-0700 or Public Drinking Water Branch at 573-526-6925.*
